

2021 RAM
ProMaster

2021 FCA US LLC
PRODUCT INFO

Fact Sheet

The ProMaster is Ram Commercial's entry for the Class 2 full-size van segment. The 2021 Ram ProMaster full-size van benefits from an exclusive front-wheel-drive system, reducing weight and complexity by locating all components beneath the cab. This keeps the cargo-load-floor height and step-in height very low, which is a great ergonomic feature for the person

getting in and out of the van all day. It also helps in low-traction surfaces, like snow since there is always weight on the front wheels to provide traction. The result is a purpose-built, highly customizable van designed to exceed the demands of commercial customers and upfitters.

NEW FOR 2021

- Crosswind Assist now standard equipment and helps the driver stay on course while driving in windy conditions
- A range of new safety options are available on 2021 Ram ProMaster, including Blind-spot Monitoring with Rear Cross Path detection, Forward Collision Warning with Emergency Brake Assist and ambient/courtesy lights
- Class-exclusive digital rearview mirror is available to replace the traditional rearview mirror with a 9.2-inch wide LCD monitor

HIGHLIGHTS

- ProMaster best-in-class features:
 - Standard V-6 horsepower
 - Turning diameter
 - Standard interior cargo height
 - Load-floor height
 - Cargo width between wheel wells
 - Maximum cargo width
- Payload
 - 2021 Ram ProMaster features the 3.6-liter Pentastar V-6 engine paired with a proven six-speed automatic transmission
 - Class-exclusive front-wheel-drive system
 - The Ram design team started with a functional exterior and interior, adding distinct Ram styling while adapting the full-size van for North America
- The 2021 Ram ProMaster is available in 18 different wheelbase and roof height configurations
